Booties for Cuties

- Booties are a great way to protect your pet's paws from the summer heat.
- Booties are Non Slip ensuring your pet to have better grip while walking on tile floors.

100% DONATIONS GO TO WOOF'S WITHOUT ROOFS!!!

We came up with a great way to protect pet's paws during the summer heat! Thinking about how hot the black top gets during summer is bothersome, so we are providing Non-Slip booties to help protect our pets from extreme temperatures. We are asking for small donations that will all go to Woofs without Roofs.

Woofs without Roofs is a foundation of PAWS Veterinary Center. The goals of this foundation are the following:

- Provide basic medical and preventative care for pets of Tucson's homeless. Through accessible monthly veterinary clinics, Woofs Without Roofs will provide free examinations, vaccinations, parasite control as well as basic medical services.
- Provide basic pet-related supplies, as available, to include food, leashes, collars, bowls, medications and Rabies licensing free of charge.
- Act as a referral source for other non-profit animal welfare organizations of Southern Arizona to facilitate spay, neuter, adoption and euthanasia services.
- Improve public health and safety with Southern Arizona by reducing zoonosis of parasitic and infectious disease.

“WE THINK SOMETIMES THAT POVERTY IS ONLY BEING HUNGRY, NAKED AND HOMELESS. THE POVERTY OF BEING UNWANTED, UNLOVED AND UNCARED FOR IS THE GREATEST POVERTY.”
