

Clara Lanuez
18 years
1995-2014

Clara has been in our hearts here at PAWS since we opened our doors in 2008. We were very privileged to have been such a special part of her journey, as she was such a special part of ours. She was such an excellent canine friend and overall joy to see each visit. Thank you Jeff and Denise for allowing us to be a part of her life!

Come visit us soon!!!

PAWS Veterinary Center is Southern Arizona's destination for companion animal healing and wellness. Integrative veterinary care unifies the science of conventional medicine with the benefits of complementary therapies to promote health, wellness, longevity and quality of life for your best friend. For additional information on our extraordinary team, services, and facility, please visit our website PawsTucson.com, call, or come in for a tour.

"We unify the science of conventional veterinary medicine, the benefits of complementary therapies, and the art of compassionate care" -Geren Thurston, DVM
