

## INTRODUCING OUR NEW, EASY TO USE, ONLINE PHARMACY!

### **The Advantages of our online pharmacy:**

**Convenience:** We do the work for you! Once you request the medication, we'll do the legwork for you. The prescription will be delivered to your door in a few days.

**Trust:** When you order using our online pharmacy through Vets First Choice, the medication comes from the warehouse, directly from the source. The product is legal, in the original FDA packaging and carries all of the manufacturer's guarantees (many online pharmacies are NOT supported by manufacturer's guarantees)

**Wide Variety:** Because we work with Vets First Choice's massive inventory, we can send prescriptions that we do not normally carry in our hospital. This is perfect for Royal Canin Veterinary Diets, heartworm medication, flea/tick products, etc.

**Cost Effective:** We aim to keep our online pharmacy prices competitive with major online retailers.

### **Getting Started:**

1. Go to PawsTucson.com, and click the "shop" icon conveniently located in the center of the home page.
2. Search for your item and fill in the prompts for payment.

***Your prescription will be delivered to your home after doctor approval.***

***Now, what could be simpler?***
