

## **Written/Online Prescriptions and Refills**

**You have the right to get your pet's prescriptions from other sources.** *We strive to be the most convenient and offer quality assurance of our products. We appreciate **feedback** if you find otherwise.*

- When requested we will provide a written prescription (Rx form) for prescription drugs. You may either pick up the prescription or we will mail the Rx form to you.
- Unfortunately we do not fax prescriptions or call in refills to internet pharmacies; this is due to client privacy and security reasons.
- We will only call prescriptions into pharmacies and veterinary offices in the state of Arizona where we are licensed to practice veterinary medicine.
- **You** may elect to fax or mail the filled out Rx form to a pharmacy.
- **P.A.W.S. will deal directly with VetRxDirect for your pets medications.**

### **INTERNET PHARMACIES**

We recommend VetRxDirect you can create an account and order your prescriptions from [www.vetrxdirect](http://www.vetrxdirect) or you access this link from our website. If you plan to use another pharmacy please make sure you select an Internet pharmacy certified by the National Association of Boards of Pharmacy ([www.nabp.net](http://www.nabp.net)). VetRxDirect is the only pet pharmacy on the NABP's website that is a recommended pet pharmacy. NABP has a VIPPS program and its accompanying seal of approval identifies to the public those online pharmacies that are appropriately licensed and prepared to practice pharmacy via the Internet.

Please avoid foreign origin generic drugs as their safety and efficacy are not necessarily up to FDA standards.

## **P.A.W.S. Waiver of Responsibility and Liability for Prescriptions to be Filled by Internet Pharmacies or Catalog Vendors**

Client's Name: \_\_\_\_\_

Pet's Name: \_\_\_\_\_

I hereby request a prescription for medication(s) or vaccination(s) for my pet so that I can purchase these products from an Internet pharmacy or catalog vendor. I have been informed that the following risks exist when I obtain these products from such sources.

1. There is the possibility that the prescription drugs received from these vendors may be counterfeit and may not have been approved by the FDA; the vaccines may not have been approved by the USDA; and the pesticides may not have been approved by the EPA. This has occurred in the past and could recur.
2. As the provider of your pet's care, our medical records keep track of all drugs dispensed by us to you. When you purchase your prescriptions elsewhere, our computer tracking system is not activated to print instructions for use or risks of adverse effects or to send reminders for follow-up exams and/or lab tests that may be needed to monitor results or adverse reactions.
3. You may not have the prescription drug(s) available soon enough to start your pet's medications at the optimal time to provide relief for his/her condition.
4. When prescription products are purchased elsewhere, our staff members are unavailable to teach you how to administer them.
5. The number of tablets or capsules, milligram size of the unit, volume and/or concentration of liquid, and number of authorized refills may differ from that prescribed by the attending doctor,
6. Manufacturer rebates that would ordinarily be available for products purchased from this facility generally will not be available.
7. The manufacturer's warranties or guarantees for these products may not be valid. This means if your pet's condition is not effectively treated with the product(s), manufacturers may not stand behind their products or product liability procedures. Additionally, the owners of and doctors at this facility will be unable to assist you in claims against those manufacturers.
8. Vaccines that are shipped through surface carriers and that arrive at your home unrefrigerated may be ineffective. Even if you reconstitute the vaccines you receive, you may be unable to administer them properly or may injure yourself or your pet when doing so.
9. Due to the fact the vaccines were not administered by a veterinarian, they may not be accepted as valid by kennels, airlines, licensing agencies or veterinary practices.

I have read and understand the above, accept these risks, and am aware that this facility cannot accept any financial responsibility for paying for or reimbursing me for any treatments required as a result of the use of products purchased from these sources. In the absence of negligence, I agree to hold this veterinary practice (P.A.W.S.) harmless for any deleterious effects or lack of effectiveness of drugs or vaccines purchased from any other source.
